Town Council Meets

All members of the Town Council were present at the first meeting of the Fall held on Tuesday evening in the Town Hall.

With relation to complaints or residents on Waddy Street about the laneway, received at the last meeting, two or three councillors have decided the entrance to the lane needed grading down, inasmuch as it was at present much too steep. This work will be done, and also a barrier will be erected at the sidewalk to prevent the use of this means of access which has in the past caused damage and made repairs necessary to sidewalks.

Arrangements will be made to secure sufficient cement to repair the crack in the sidewalk at the laneway and in front of the King Edward hotel. This has bulged quite badly for some time, and repairs here will be welcomed.

With regard to work asked for at the pump house, the fire and light committee suggested that all that was necessary at this time would be to enlarge somewhat the hole for the intake pipe. The pump and motor were reported to be settling, but since they are on the same base, they must continue in line, and the only strain is on the intake pipe, where it hits the wall of the building. This repair will take care of the situation for some time at least.

It was agreed to order three carloads of cinders for use on roads and sidewalks.

Correspondence relative to a meeting with Mr. Blackstock, of the Board of Public Utility Commissioners was read, and further endeavours to arrange a meeting will be made. It was regretted that owing to the holidays of the mayor and the secretary, an opportunity was missed a week ago.

Passage of the second and third readings of the by-law covering the agreement with the Calgary Power Company for the power franchise will be held up pending approval of the Board of Public Utility Commissioners.

May Purchase Tractor

The secretary was instructed to inquire into the price of a small tractor, together with blade, mower, snowplow running gear and shovel or Fresno, to be used in the general work around the town. It was felt that the above equipment would cover a great deal of the work found necessary by the town and while estimates are being looked for, it may be decided that some or much of it is quite unnecessary depending on prices. It was felt in talking of the matter, that such an outfit, or parts of it only, would at least be available the year around, instead of only during the summer as in the case with the team.

In response to a complaint with regard to horses having been allowed to run loose in the town limits, action will be taken to eliminate this nuisance in the near future.

An offer having been received to sell the old water tower on the former Supply Farm to the Town for the proposed water system, the matter was discussed and turned down. It was felt that the tank was not suitable, as it is not large enough, and since also, it has given nearly all of its expected use.

A reply was received from the C.P.R. at Calgary saying that the matter of lighting at the station would be looked into.

Cemetery Improvement

A letter was received from Berryvale W. I. suggesting that Berey-

tion was necessary to keep up the Strathmore cemetery, and that should the Town be interested in providing a permanent caretaker, they would be sufficiently interested to provide a donation towards the expense. They also suggested that other organizations might take the same attitude and responsibility.

Discussion ensued and several ideas were brought out, all in favour of more care, but seeking the best method of accomplishing this end. It was felt that a permanent caretaker was more than necessary, but that a man on full time for about three weeks each summer could probably accomplish a tremendous improvement.

(Continued on Page Eight)

GOV'T. FARMERS CONFER, STRIKE THREAT LESSENS

Recent indications from the capital are that the threats of a delivery strike by the farmers of Alberta and Saskatchewan, which has been pending for some days, are slowly lessening.

Trade Minister MacKinnon held lengthy conferences in the past few days with representatives of various farmer groups, and reports indicate that the government is showing "a tendency towards reasonableness."

SCHOOL NOTES

STRATHMORE SCHOOL

ENROLLMENT

The Strathmore School re-opened Tuesday with an all time record attendance of 247. There are still about 15 to come. The following is the enrollment by rooms and grades. Room I, Gradel, 28; Grade II, 19, Total 47. Room III, Grade III, 17, Grade IV, 25, Total 42; Room III, Grade V, 18, Grade VI, 20, Total 38; Room IV, Grade VII, 21, Grade VIII, 21, Total 42. Room V, Grade IX, 25; Grade X, 15, Total 40. Room VI, Grade XI, 22, Grade XII, 16, Total 38.

Community Centre

An executive meeting of the Community Council was held Wednesday evening in the Town Hall with Mayor T. S. Hughes presiding.

It was decided to hold a general meeting in the Town Hall, September 22, when a constitution will be presented and the following matters brought up for discussion:—

1. Financial statement to date.
2. Report of the supervision of the Swimming Pool.
3. Means of raising money.
4. Major activities for the coming year.

COMING EVENTS

Regular Clinics for Infant and Pre-School Children are held by the Wheatland Health District from 2:00 to 4:00 p.m.

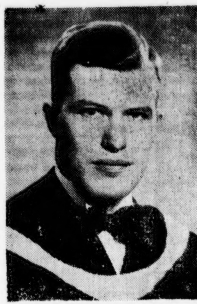

Strathmore, the second and fourth Tuesday in each month. Carleland, the second Friday in each month. Standard, the third Thursday in each month. Rockford the third Friday in each month.

Office hours are from 9-12 a.m. each Saturday. a22tf

Come and enjoy the mid month regular dance of Cluny House of Trade-Community Hall September 13th.

Appoint J. Van Tighem Supervisor Separate Schools

JOHN V. VAN TIGHEM
... appointed supervisor.

Appointment of Jack Van Tighem as supervisor of instruction in the separate schools of Calgary was announced Tuesday by R. A. Cannon, superintendent of separate schools.

Jack is well known around Strathmore where his family, Mrs. J. Van Tighem, and the late Mr. Joseph Van Tighem, has lived for years. He completed public and high schools here, then went on to the University of Manitoba, from where he graduated.

Following graduation, Jack spent some time in teaching at Rosebud and Baintree, and also at Loyola College in Montreal.

Later he joined the RCAF as a navigator and served overseas with a bomber command. Here, following a tour of operations, he won the D. F. C. and was later posted as an instructor.

Jack's new appointment was one created by the school board last month. He was the position following a year spent at Edmonton where he completed his studies for Bachelor of Education. His duties include supervision of instruction in all grades of the Calgary Separate School Board.

Harwood Farm Sold

Jim Harwood, for years a well known farmer in the Strathmore area, and for the past nine years Reeve of the Municipality of Bow Valley, has sold his farm located on the No. 1 highway six miles east of town, and has moved into Strathmore to live.

The farm has been bought by Mr. Rudolph and his son, the former of Vancouver, and the latter of Dalmaceda area.

Mr. Harwood was born on his parents' farm in the same area, and farmed on two or three other locations before buying this farm about 24 years ago. Since then he has operated this farm and in addition has taken on a number of other areas in the locality.

Since selling the farm Mr. and Mrs. Harwood have moved into Strathmore and are living in the old DeWitt house which they have also purchased. They have installed a pump and pressure system in the house.

He and the members of his family are well and favourably known for miles around the district where they have for years been active in many forms of endeavour.

Give us a little better than one half of the word Froge.

AS I SEE IT

by W. E. SIEBER

UNITED NATIONS ONE YEAR OLD

By Walter E. Sieber, Gleichen, Alta.
The first year of its existence has given proof that the United Nations can be developed into a potent agency for peace by resolving international friction without resort to use of force.

This rapidly developing year-old infant has given a very good account of itself already. Much better than many of us had dared to hope. The high idealism that was fundamental in the charter of the now-defunct League of Nations is absent in the UN Charter. But the failure of the League, still fresh in the memory of the World has done much to spur statesmen to a more earnest effort in facing the problems for which World Organizations are created.

Perhaps it was wrong to say that the League of Nations failed. It may be much nearer the truth to say that the member nations of the League failed to take seriously enough the fulfillment of the treaty obligations contracted by them under the League Charter.

General disarmament was one of these; but we did witness in the early 30's the beginning of a general armament race among the League members as well as others. League members failed to take seriously enough the means open to them to restrain nations that engaged in territorial expansion programs by conquest of weaker nations.

But in the final analysis, death sentence was pronounced on the League, and a new World Organization was formed, because one of the major powers of the world had seen fit to play political football with this important question of adherence to the League of Nations, and thus became "isolationist" towards the League's efforts to maintain peace.

Nothing has been achieved by the UN that could not have been quite as well done under the old League's Charter, but a new world organization gave that same "isolationist country" a chance "to save its face" and at the same time play the part of leading advocate and power in the UN.

There is real cause for rejoicing in the achievement of this new world organization during the past year. A strong ray of hope is shining through the clouds which have wrapped our world in darkness, fear and chaos.

The Security Council of the UN dealt with a number of vexing problems last year: The dispute between Russia and Iran; the one arising from the presence of British troops in Greece and Indonesia; British and French troops in Syria and Lebanon. It also examined the accusation that Franco Spain is an immediate threat to world peace.

Parties to the disputes were brought together and solutions were found, sought in mutual settlement, not by resort to force. Herein lies the hope of the world. Peaceful negotiations eliminate the aftermath of bitterness. (Continued on Page five)

Harvest Held Up

Following a dry spell of only a few days, rain again poured onto farmlands in the southern area of the province on Wednesday, and Thursday the forecasts are for snow in many areas, with rain general over all the province. In addition, temperatures just above freezing are expected.

Harvesting therefore has been held

THE OUT-SIDE

WANT MORE IMMIGRANTS

Canada needs increased immigration, from the standpoints of prosperity, development and defense, in the opinion of a number of Canadians questioned by The Financial Post. The majority agreed that a "carefully selective policy" must be followed; some favored admitting only applicants from Northwestern Europe.

\$25 MILLIONS PAY BOOST

The 10c an hour wage increase granted its 115,000 employees will cost the Canadian National Railways \$25 millions annually. The Financial Post is informed. On the average it will boost each workman's earnings by \$25 a year.

To the public, who foots the bill, adds The Post, the wage boost could conceivably mean that the expected \$7.5 million surplus which the CNR expected to hand over to the Federal treasury from 1946 operations, will not materialize.

LABOR LOSES GROUND

Organized labor is losing ground as a result of strikes, asserts The Financial Post in a front page editorial. It states: "A Canadian Gallup Poll reports that more than half the adult population of this country believes that labor is worse off as a result of the strikes this year."

"The survey confirms what most unprejudiced observers have long suspected and what labor leaders should have realized before they ordered workers to lay down their tools."

"Those ordered have not only cost organized labor dear in wages lost, but also in something still more valuable, public esteem. Canadian labor came out of this war with prestige never higher. Today, as a result of the poor strategy of a few irresponsible leaders, who hoped to grab more at the expense of others, large sections of the population have been antagonized."

"Consumers plagued by shortages and fearful of inflation, farmers who see costs getting out of control and markets lost, and scores of thousands of fellow workers who find their jobs folding up as strikes cut off key supplies—all have been antagonized."

"Instead of shoving production up to pull prices down and put more real money in everyone's pockets, strike leaders advised the hopeless course of shoving production down at a time when more and more goods are vitally needed. That course must be reversed."

FEWER CLERGYMEN

A rather arresting—and rather disturbing—sentence from a recent University Sermon at Cambridge by the Bishop of Liverpool: "In the thirteenth century there were about 57,000 clergy in this country ministering to a population of 2,000,000 people. Every fifth man in those days was in Holy Orders. Today the population is twenty times as great, and there are about the same number of clergy and ministers of all denominations. One in every thousand man is a clergyman."

That this will shake for some time at least the shortage of harvest help. No more harvest hands are expected from the east for some time at least, until the weather allows operations to commence once more.

CHRISTIAN SCIENCE

The topic of the Lesson-Sermon on Sunday in the Christian Science churches will be "Man." It will be expounded in passages like these: "The Spirit itself beareth witness with our spirit, that we are the children of God." (Romans 8:16) "In Science man

is the offspring of Spirit. The beautiful, good and pure constitute his ancestry. . . . Spirit is his primitive and ultimate source of being; God is his Father, and Life is the law of his being." (Science and Health with Key to the scriptures, by Mary Baker Eddy, p. 63).

RURAL GLEICHEN

Mrs. A. E. Jones, known as Granny Jones, who has been living at the coast for the past few years, is visiting Mr. and Mrs. Walter James.

Word was received of the birth of a baby daughter to Mr. and Mrs. Darrald Oliver in Calgary, last week.

Mrs. N. Bowen of Kinuso is visiting friends. She is on her way to spend several months with her sister near Boston.

The U. F. W. A. held their regular meeting at the home of Mrs. H. Stott last Thursday. Roll call was answered by giving "where I am from and what it is noted for." After the business hour, Mrs. D. Yule supervised a game of Bingo. Lunch was served by the hostesses and her helpers.

Arloa Quinell left the first of the week to take up a course in a beauty-parlor in Calgary.

Mr. and Mrs. J. W. Hutchinson left Tuesday for Sparta, Ill. They were called there by the serious illness of her sister Miss Pace. Another sister Mrs. H. Le Pla, also lives there.

Mrs. M. Gillespie, and Mr. and Mrs. Newt Gillespie and little son spent the week end visiting relatives and friends in the Gleichen district.

We are sorry to hear that Cliff Tower has been quite poorly, and is supposed to give up work. We hope a complete rest will soon improve his health.

Mr. and Mrs. Drinnan and boys spent the week end with her parents Mr. and Mrs. R. D. Oliver.

The dance Friday evening at Meadowbrook was well attended. The newly finished floor made a wonderful improvement. Everyone had a grand time.

Helen Williams of Calgary spent the week end at the Quinell home.

Mr. and Mrs. Leonard Quinell of Calgary spent the week end with Mr. and Mrs. A. Quinell.

Mr. and Mrs. A. F. Wilson had a wedding anniversary Friday, and a few friends dropped in to help them celebrate.

Mr. and Mrs. A. F. Wilson drove to Lethbridge Monday to see one of the final ball games that their daughter Marjorie is playing there.

There will be Holy Communion in St. Andrew's church, September 8th at 11 a.m. conducted by the Rev. D. A. Ford B. A.

Rev. and Mrs. L. G. Sieber and family of Revelstoke B. C. were recent visitors at the Manse here. Rev. L. G. Sieber is a nephew of Rev. W. E. Sieber and is minister of the United Church in Revelstoke.

Mr. John Gully of Edmonton was a visitor at the home of Rev. W. E. Sieber last week.

Miss Mabel Smith, former teacher of the primary room here, was in town last week visiting her sister. She will teach at Penhold this coming term.

A Record in Farm Loans

for Farm Equipment

to Brush, Break and Clear Land

for Building and Repairs

for Farm Electrification

ONE OF OUR BRANCHES recently broke all records by making more loans under the Farm Improvement Loans Act than any other branch of any bank in Canada.

In ten months this single branch of the Royal Bank made 140 such loans to farmers scattered over an area of 3,200 square miles of country.

Over 55% were made to borrowers with total assets of less than \$5,000.

These loans were made for a wide variety of purposes—to brush, clear and break land—to purchase farm implements, to build dams and dugouts, to construct, add to and remodel buildings.

Would a Loan Help You?

If you could use a loan profitably to improve or expand your farming operations, or to make living more attractive on the farm, ask for a copy of our booklet "Farm Improvement Loans" at your nearest branch. It explains in detail the many attractive features of the Farm Improvement Loans Act, the many purposes for which such loans can be used and the easy methods of repayment. In addition, ordinary farm loans are, of course, still available at any branch.

THE ROYAL BANK OF CANADA

L. F. MAGGS, Local Manager, ● Strathmore

has been abolished in Turkey with the exception of the Istanbul, Ankara and Izmir areas. Elre's crop is estimated at 20 million bushels, and is approximately 2½ times greater than pre-war production. The bread grain crop in Sweden is estimated at 246,000 tons, an increase of 75,000 tons over last year.—The U. S. A. spring wheat harvest is progressing rapidly, under good conditions.

HIRTLE'S

LANGDON

— By G. E. W. —

The Home and School met on Thursday evening, August 29th, when there were 18 members present. The evening was spent discussing business matters after which a quiz contest was held. A tasty lunch was served by the hostesses, Mrs. Bittle and Mrs. Ray Wilson.

Charles Bates, young son of Mr. and Mrs. Jack Bates met with a painful accident to his knee and side on Saturday evening when he was playing in front of the store with some of the young folk. He darted out from behind a parked car and was struck by a car driven by Mr. Kruger from Cheadle. Fortunately Mr. Kruger was not driving fast and was able to bring the car to a stop, before very serious damage was done. We hear that Charles is resting comfortably and hope that he will be able to attend school this week.

Three of our local girls have left this week end to resume their teaching. Miss Catharine Whitney of Hill-Hurst school in Calgary, Miss Ena Thomas, at Jumping Pound and Miss Alleen Brander who has resigned as a

teacher from the junior room at Langdon and has been accepted on the teaching staff in Calgary where she will teach at Capital Hill.

School bells rang for the children Tuesday morning when the school reopened for the fall term. The teachers for the year are Mr. J. Vanderberg Principal and Miss Hall who will have the junior room.

Mrs. V. C. Scott has been ill for a few days. We hope she is better by now, and feeling more like herself.

Bond Campaign Under Way Next Month

The Dominion's new savings bond drive is to be launched late in September. The Financial Post reports from Ottawa, Finance Minister Halsey will announce terms and conditions of sale at that time. Organized sale through payroll deduction plans is expected to start October 1, involving employees of some 12,500 Canadian firms. There will be no general house-to-house canvass, no government-sponsored professional sales organization.

Do It Through The Chartered Banks

Announcing in Parliament that the Canadian copper-colored "nicks" are being withdrawn from circulation and expressing the belief that "the movement will be completed within the near future," the Finance Minister added that "the withdrawal was being carried out through the chartered banks."

We see so many statements of that kind — that this and that and the other thing is being done "through the chartered banks" — that we pay little or no attention to them any more.

But we should stop and think about it.

There are those in the country, no large number, perhaps, who count that day lost that does not provide them with a chance to criticize "the banks". To hear that kind of talk, you would imagine that "the banks" do as they please with other people's money and their own . . . that they carry on without let or hindrance, making their own laws and regulations, and generally amassing fortunes for their executives and directors.

The fact is, of course, that banking in this Dominion is hedged about by most rigid restrictions and controls—not in these times of "control" alone, but always, in season, and out of season, in peace as in war. The banking laws of Canada are the most exacting of all laws governing Canadian business activities. All banking is done under the eye and supervision of government . . . And no banking system in the world is sounder from the public viewpoint.

The banks of Canada did an immense job in wartime and are doing an immense job in this "transition" period. The fact that the public hears little about it is an indication of how thoroughly it is being done, without grounds for serious complaint.

How much free or near-free service the chartered banks of Canada give governments and the public we do not know, but it must be very extensive, indeed. (Look at the line-ups at the bank wickets each week or month of people cashing government cheques. It is just one example of the service the banks are giving the public — without much "percentage" in it for the banks.)

This is not a "defence" of the banks or an "apologia" for them; it is merely an attempt to give to the banks of this country some small measure of the credit that is due them.

Editorial—Halifax Herald, July 11, '46

New Bridge

START TO CONSTRUCT
NEW HIGHWAY BRIDGE

Work on the new \$150,000 Calgary-Edmonton highway bridge across the Red Deer river at Red Deer will commence early in September, according to information received by the Alberta Motor Association from the provincial public works department.

Equipment is being moved to the bridge site in order to get work under way.

Two large outfits are working in the Crossfield-Penhold highway section and it is expected that this strip will be completed before freeze-up. Outfits and crews are working out of Red Deer.

Hon. W. A. Fallow, minister of public works, said last week that every piece of machinery and equipment of the department is being used on the current provincial program.

There are bright prospects for the completion of the High Prairie-Grande Prairie road. The project is 70 miles

STRIKE VICTIMS

As these disrupting strikes continue in time, and increase in numbers—it is becoming very evident—that many of the men forced to go out on strike do so much against their own better judgment—but are forced to this action by the rules of their Union.

They know full well that their families suffer mentally and physically, and are deprived many of the necessities of living, which were theirs previous to strike days.

Our sympathy is extended to many of the men, who now find themselves in this unfortunate situation. The

leaders "Given the inch have taken the mile" and have lost the loyal following of the men in the workshops and have created a feeling of extreme disapproval in the general public.

We fully believe in labor unions properly conducted and working on a sane and equitable foundation—but it seems now from general conditions the pendulum has swung far afield.

The "Turning of the Tide" should not long be delayed when Labour Unions will legislate for the good of the employees, not make them tools of a self seeking clique.

HOME MAKERS AWAKE!

Toronto, Aug. 28.—"The worst criminals in Canada today are between the ages of 16 and 19," according to Lt. Col. Wallace Buntin, head of the Salvation Army Prison and Police Court Services Department.

"The next worst are group is from 19 to 25."

"Veterans of service with the armed forces have not been responsible for even the share of crime that could be attributed to them on a percentage of population basis," he said.

It is possible to trace back to the home 99 percent of the major crime in Canada, Col. Buntin declared. This does not always mean poor homes because some criminals come from prosperous homes. Too much severity by parents in some cases, not enough in others, deception of children by parents, the bad example of low-printed parents and broken homes are

the background factors that develop young criminals, according to Col. Buntin.

"The home is first, the school second and the church third in the proper upbringing of the young," said Col. Buntin. "Home conditions are reflected in school conduct and where school conduct is bad there should be investigation of home conditions. Then, too, there is not enough church work among young children."

The Salvation Army prison department has 92 officers across Canada engaged in full or part-time reclamation work among prisoners. Last year personal work was done with 27,757 of them and more than 2,000 individuals were handed over to the Salvation Army by courts and prison officials. According to Col. Buntin, 87 per cent of these are now going straight and efforts continue to reclaim the others.

Sound Advice From The Financial Post

Advice to Labour Leaders:—Organized labor would do well indeed if it could clean its house of communists and find some statesmanlike leadership, remarks The Financial Post in a front page editorial on how labor heads can aid unionism.

"The position of organized labor is now more critical than at any time in decades," says The Post. "That has been reorganized in the United States, Union heads there are now urging no more strikes, declaring that more and cheaper production is the urgent need. They're late in discovering this basic fact and all indications are that they will be only partly successful in convincing their followers."

"Now would be a very good time for organized labor to face up to the fact that with power and privilege goes responsibility."

"Because of labor leader excesses, the vast reservoir of public good-will

toward organized labor which has been built up over a couple of decades is being fast depleted."

"Because its leaders got the idea they were above the law and because they dared try to paralyze a whole society, public opinion has risen against them."

"For the first time then in decades, the authorities and the courts have become alive to their responsibilities and have recalled quite sharply to union attention the fact that their strike and picket privileges do not include intimidation, beatings and depriving others of the right to work, to go to and from that work without hindrance or violence."

U. S. FARM INCOME

The United States Department of Agriculture has predicted a decline of 15 per cent in net farm income in the United States in 1946.

A CALL TO PEACE

(Edwin Markham)

Live and let live was the call of old,
The call of the world when the world was cold;

The call of men when they pulled apart;

The call of the race with a chill on its heart.

But live and help live is the cry of the new.

The cry of the world with the dream showing through;

The cry of the brother-world rising to birth.

The cry of the Christ for a comrade-like earth.

CARSELAND

By E. B.

GARDEN CLUB CONTEST

The Girl's Garden Club of Carseland held an achievement day and display on Saturday, August 24, with Mr. Bill Pettigrew, of the Alberta Wheat Pool, Miss Norma Jean Hogg, district home economist and R. J. Milligan in attendance.

The garden plots were judged and many fine gardens observed. The girls, who followed the plan outlined showed a considerable achievement.

The sample of the work shown in the Hall was outstanding. The floral arrangements, vegetables and canning were very effectively displayed. Mrs. Briscoe, the club leader, is to be complimented on her work with the girls. Prize ribbons were quite evenly distributed among the entire club.

The canning of fruits and vegetables was of the very highest calibre and Miss Hogg, district home economist, of Calgary, was very pleased with the girls' work. The vegetables that were canned were a product of the girls' own gardens.

The girls now plan to switch over to sewing for the winter months.

The Rhapsody In Blue

The picture was very entertaining both from the viewpoint of clever acting and lovely music excellently rendered by pianist and orchestra. The plot was sustained and kept the audience on the alert to the end, which was not the happy ever after, but a case of thwarted hopes which is often more true to life.

It was a very entertaining picture enjoyed by the many who through Hirtle's Theatre.

NAMAKA NOTES

— M. W. —

School reopened on Tuesday with Miss Hilda Fossum as the High school teacher and Miss Mary Kramer in the Junior room. The girls are both new-comers to the district and we wish them every success.

Mr. and Mrs. L. A. Campbell of Winona, Minn. have returned to the States after visiting Mrs. Campbell's sister and brother-in-law Mr. and Mrs. H. E. Johnson for two weeks.

Mr. and Mrs. H. E. Johnson had as dinner guests on Sunday, Mr. and Mrs. John Mackie, Mr. and Mrs. Allen Phillips and family of Arrowwood and Mr. and Mrs. Claude Mackie and family. The occasion was Maureen Phillips and Marjorie Mackie's birthdays.

Mr. and Mrs. L. Aitkens had as their guests at dinner Sunday, Mr. and Mrs. W. Bennett and Mr. Bennett's sisters Miss Beattie Bennett and Mrs. F. Clark who will entrain for Michigan after a two weeks visit with their brother and his wife.

Miss Marjorie McEvoy of Seollard, Alta. is holidaying with Mr. and Mrs. J. Kermack before going on to Vic-

Mr. and Mrs. J. Mackie of Arrowwood spent the week end at the home of Mr. and Mrs. C. Mackie.
Mr. Dave Parker and Mr. Jake Lepp report an enjoyable afternoon at the

jeopardy race on Labor Day held in Calgary.
Mrs. Ike Wittenburg and son Leonard of Tofield, Alta. are spending a few days with her sister Mrs. P. Williams.

DAMAGE TO BRITISH CROPS

Farmers in Great Britain have been compelled to resort to the use of scythes to harvest their crops, even in the face of the fact that they have four times as many tractors as in

1939 and thousands of combines. The cause of this is continuous wet and tempestuous weather battering the crops to the ground. Southern England, in particular, has suffered badly in this respect.

For the World's Hungry

Pool products of every kind are even now more urgently required than during the war years. Canadian farm girls are working on the farm front helping to harvest the crops. Too precious to be wasted coarse grains are needed to feed livestock for meat for the people of Canada and to help feed the hungry millions in other countries. Many farmers may add additional grain by taking their stubble this fall.

Who Speaks For You, Mr. Farmer?

The Northwest Line Elevator Association (according to their own brief) "have taken all means available to them" and have made "six years of unremitting effort" to get the Pools taxed, and have continually criticized the Pools and Federal government but the example set by the Pools have been of benefit to growers delivering to other elevators.

LINE ELEVATORS ASSERTIONS

The line elevators' statement:— "On November 25, 1941, the United Grain Growers Limited, faced with the necessity of meeting the policy of competition thus initiated by the Pools, in turn declared a patronage dividend of \$200,000."

More farmers apparently benefited according to Section 29 of the line elevators' brief:—

"On August 24, 1942, the association again wrote the commissioner of Income Tax a letter calling his attention to the correspondence exchanged with him on the subject of patronage dividends commencing with the association's letter of November 17, 1941, pointing out that several elevator companies had been obliged to meet the competition of the Pools by making payments of the nature of a patronage dividend and concluding with the following paragraph:—

"As your department has had this matter before it now for some months we would appreciate it greatly if you would advise us as to whether or not you have reached the point of issuing a ruling which we could pass on to our member companies."

And Section 32:—

"On October 31, 1942 the association interviewed the minister of finance and laid before him figures showing the extent to which patronage dividend payments were paid out of money which otherwise would have gone to the government in taxes and advised the minister that a number of the line companies had been forced during the current year to pay patronage dividends in order to meet the Pool competition."

The line elevators feel that they have made an exhaustive effort to have the pools taxed and that nothing has been left undone that might achieve that end.

Section 51 states that:—

"After six years of unremitting effort on the part of the association and its members the Pools are still enjoying practical immunity from the taxation bearing so heavily on their competitors and will continue to do so for as long as the failure to enforce the law is permitted to continue."

WHEAT POOL COMMENT

The line elevators have used all the strength they could muster to persuade the Federal government to tax the Pools, and this support has not been denied.

Farmers delivering to the "several elevator companies" can now understand the unusual practice of line companies paying patronage dividends.

Payment of patronage dividends by line companies is so unheard of that they thought even the Minister of Finance should know about it.

If you think the effort of the co-operatives has been worth while, help them to help you by delivering your products to the co-operative and particularly to Alberta Pool Elevators.

ALBERTA WHEAT POOL**AS I SEE IT**

Continued from Page One

and ill-will that force produces and which eventually results in more wars. The General Assembly of the 51 United Nations is to meet in the near future. Here, in this "town meeting of the World", the nations are given the opportunity to tell their problems to one another and talk them out in open meeting. The Assembly has "power to discuss problems and make recommendations to the various councils."

The 18 member Economic and Social Council (Ecosoc), one of the six principal organs of the U.N. Organization, faces the most difficult task in the world today. Its effort should go far in creating conditions for a peaceful world.

They deal with the problems of repatriation and resettlement of war refugees; the homeless without means of subsistence when UNRRA ceases to exist; Reconstruction of devastated areas; prevention of epidemics.

In the economic field ECOSOC will be concerned with the removal of trade barriers, tariff problems; exchange control; quotas, cartel arrangements to be smashed etc.

Along with these it has already taken the first steps to deal with the refugee problem and that of displaced persons. Under its direction an International Health Conference was called last Summer, and this is already at work planning a World Health Organization for the prevention of epidemics and seeking solutions to other health problems.

The far-flung field of its activities include making arrangements that will permit major international, and special national organization of labor, management and business; farmers and consumers to join in its work on a consultative basis.

But the question of the effectiveness of the Security Council, handicapped as it is by the Veto Power which may be exercised by any member of the big 5, known as "the permanent members" of the eleven member council, looks less promising than

ARDENODE

— By Mrs. H. B. —

Mr. and Mrs. Annie Horbe of Bellingham, U. S. A. also Mr. and Mrs. V. J. R. Hughes of Calgary were guests at the home of Mr. P. E. Sarsons and family, over the week end holiday.

Mrs. Oscar Orr of Calgary was a guest of Mr. and Mrs. Cliff Dawson over the week end.

Mr. C. O. Dawson entertained Sunday for Mr. and Mrs. E. D. James also Mr. and Mrs. N. Scheer of Strathmore.

Miss Joan Brook was the guest of honor Sunday evening, when Mrs. Wanda Plath, entertained a number of friends at dinner. Joan leaves Wednesday to take up her duties at the Holy Cross Hospital.

This district is very proud of our new school bus. It looked very nice to see the students climbing aboard this A. M. Mr. Jens Petersen is in charge.

We are very glad to hear little Marilyn Joel is making good progress after her recent operation.

The first record of acted drama dates to the middle period of the sixth century B. C.

It did a year ago. There is cause for doubt that if, when a real crisis comes as it is likely to come by way of one of the permanent members of the Council, any effective action will be possible to prevent the coming of another world conflagration.

The U.N. Atomic Energy Commission has not yet found a formula for the control of Atomic Power that is acceptable to its members, but is still at work.

No miracle has been performed by the U.N. during its first year of existence but we believe that hope has been measurably brightened by the manner in which it has approached its problems dealing with World Peace.

D. 1946, a full statement duly verified of their claims and of any securities held by them and that after that date the executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which evidence has been so filed of which he has been brought to his knowledge. DATED this 4th day of September, A. D. 1946.

Abram J. Eitzen, Executor, Nakama, Alberta.

STANDARD

(By Mrs. R. G.)

Last week a shower was held at the home of Mrs. Carl Sorenson for another war-bride, Mrs. Kenny Austin, who with her two children has just arrived from England. The rooms were tastefully decorated with pink and white streamers and a profusion of sweet peas. After a short program the bride was presented with many and useful gifts for which she in a few nicely chosen words thanked her new friends. Coffee was then served by the hostesses.

Miss Annabelle Ornburn is home from Edmonton where she has been attending summer school.

Mr. and Mrs. Paul Purdard announce the birth of a son, Richard Thomas.

Mr. and Mrs. L. Rich (nee Frona Bolek) of Calgary, announce the birth of a daughter, Frona.

Mr. and Mrs. Douglas Henderson of Calgary are visiting the latter's parents Mr. and Mrs. T. Envelidsen over Labor Day.

Miss Maxine Melisen is home for two weeks holiday.

Miss Mabel Marshall of Calgary spent a few days with Miss Margaret Jensen.

Miss Lillian and Miss Grace Lauri- sen spent the week end with friends in Tilley.

Mr. and Mrs. Axel Rasmussen and Mr. and Mrs. Andy Westergaard spent the week end at Tilley.

Rev. Jorgensen and Mrs. Jorgensen, Grace and Phillip, left by motor Tuesday morning to holiday at Denver Col. While there Rev. Jorgensen will officiate at their daughter Audrey's wedding which will take place on Saturday, September 7th.

The Dorcas Society met at the home of Mrs. Esther Sundgaard. The usual business was conducted followed by a very delicious lunch served by the hostess. The next meeting will be held at the home of Mrs. Carla Sanderson.

The Danish Ladies Aid held their meeting at the home of Mrs. Erhart Jensen last week.

Mr. Don Nichol is spending his two weeks holiday with his father-in-law Mr. William Petersen and is helping with the harvest.

Mr. and Mrs. Elmer Jensen motor- ed to Huxley last week end to visit Mr. and Mrs. Karl Knudsen.

Mr. Bob Johnson returned home last week from Calgary where he had undergone an operation for appendicitis.

Miss Edith Costella is home on a holiday.

Mr. and Mrs. Elyzer Castella from Red Deer are visiting relatives.

Turn the rug in a room that is in constant use every six months. In that way it will wear more evenly.

"It's Good" Picobac PIPE TOBACCO

Under The Street Lamp

by PAT O'HOOLEY

Galt: "The only difference between you and a mule is that mule wears a collar."

Sailor: "But I wear a collar, too." Galt: "Then I was mistaken there is no difference."

Chic Brown: "Actually, I always live within my means, even if I have to borrow to do it."

Traveller: "What is this place noted for?"

Frank Van Tighem (on Rocky Mountain Tourist): "This place is the starting point of the world. You can start here and go anywhere you want to."

And according to Frank Blasare, the weaker sex is the stronger sex because of the weakness of the stronger sex for the weaker sex.

"You know, dear," said Mrs. Milligan, "love is a wonderful thing. I've just read an article in this paper all about a man who reached the age of forty without learning to read or write. Then he fell in love with a woman and for her sake he made a scholar of himself in two years."

"That's nothing," replied Bob. "I knew a man who was a profound scholar at forty. Then he met a woman and, for her sake, he made a fool of himself in two days."

Bob Hamby says a man takes a drink when he's depressed and a woman buys a hat. Then the man takes another drink.

Two strangers were in friendly conversation.

"I make it," said one, "an invariable practice to advise people to sleep all year around with their bedroom windows open."

The other laughed. "It is easy to see your profession."

"Indeed, and what do you think it is?"

"It's fairly obvious," came the reply "that you're a doctor."

"Not at all reported the first, confidentially. 'To tell you the truth, I'm a burglar.'"

Some people are only in good spirits when good spirits are in them.

CANADA'S GRAIN HANDLING
COST'S WORLD'S LOWEST

Line Elevators Held
42nd Annual Meeting

Grain handling and storage charges in Canada are the lowest of any country in the world, shareholders were informed at the 42nd annual meeting of the North-West Line Elevators Association, held Tuesday afternoon in the Grain Exchange Building. The Association is comprised of owners of 3,400 country and terminal elevators operating in Western Canada with a combined storage capacity of 274,000,000 bushels. The organization was formed in 1899 with the object of reducing the expense of handling Western Canada's grain crops to a minimum.

At a meeting of directors following the 42nd, annual meeting, Cecil Lamont was elected president; J. G. Fraser, vice-president and general manager; James Seaton, assistant secretary.

CHANCELLOR

By Mrs. J. M. W.

Mr. and Mrs. Einar Willard and family of Yakima, Wash. and Mrs. R. Caldwell of Calgary is visiting Mr. and Mrs. L. V. Mann.

Mrs. Van Tighem, Miss Gerry, Messrs Leonard and Jack returned last Thursday from a very enjoyable motor trip to Vancouver and other Western points.

Mrs. McLeith has returned from Lloydminster where she tried, but with little success to locate a house.

Miss Mary Foner spent the week end in Delta.

Mrs. Earl Gillespie, Miss Jean Garrett and Miss Audrey Ladler have all been recent guests at the Garrett home.

Born to Mr. and Mrs. Andrew Garrett in Edmonton Saturday, August 31, a baby daughter. Best wishes.

Saturday last, Mrs. Alice Polley assisted by her mother and sister, entertained fourteen little guests in honor of her daughter Beverly's fourth birthday. Games were arranged for the wee tots followed by the birthday tea party. Seated around the table prettily decorated in mauve & yellow the youthful guests did ample justice to the dainty viands provided. Mothers of the younger guests were also present and a happy afternoon was enjoyed by all present.

Misses Wilda Oxley and Doreen Wallace of Calgary were guests of Miss Helen Thurston over the past week end.

Mr. Charles MacLean returned Tuesday morning from a fine ten days outing at Camp Woods Sylvan Lake where he attended the Scout Leaders Camp.

Mrs. Leonard Hilton and her mother Mrs. Maillon of Maple Creek, Saskatchewan, spent several days with Mr. and Mrs. H. Hilton in Calgary last week.

Mr. and Mrs. Polley and Mr. and Mrs. Williamson of Calgary were guests Monday of Mr. and Mrs. Garrett and family.

Mr. B. F. Jones, Francis, Lester and Anna Mae Crory motored to Donalda to spend the holiday week end with Mr. and Mrs. Carl Jones.

Eleanor Eckelund has just returned from a month's visit with her sister Bernice in California. Miss Eckelund made the trip by plane covering the distance one way in a little over twelve hours.

Mrs. J. Harwood has for some weeks been on an extended visit with her mother in the States.

Miss Helen Way of the Royal Bank staff is on holidays for two weeks, and is spending the time at home. Mr. Hugh Berry, who was relieving for a couple of weeks, has returned to Strathmore again.

The Archbishop of Canterbury will be speaking on the radio at 9 o'clock on Thursday evening. Undoubtedly many people will be interested in hearing the address of this well known figure.

Mr. Joe Giroux, recently retired from the section with the C. P. R. and Mrs. Giroux, will be leaving shortly for trip of two or three weeks to Montreal and Quebec.

Mr. and Mrs. George Grimshaw and family of Louisiana have been visiting relatives in Strathmore and district for the past ten days. Prior to their departure a Family Dinner Party comprising twenty four guests was held at the home of Mrs. Janie Lyons, when needless to say a very happy reunion was enjoyed. Colored pictures of the entire party were taken, four generations being present.

Grace Tench has organized the Ex-plors and meetings will be held in the Memorial Room of the United Church Wednesday afternoons.

Mr. Zelnick is in charge at the C. P. R. station, during Mr. Kennedy's absence on holidays.

A meeting of the Executive of the Home and School Association has recently been held. A slate of officers for the incoming year was named to be brought up for approval—yes or no—at the next meeting. This will be held in the High School September 30 at 8:15 p.m. A good attendance is urged.

Mrs. Folk spent the week end with her daughter Mrs. Walter Mercer.

Mrs. Folk leaves Friday to enjoy a short visit with her son Mr. Dee Folk and wife at Vermillion, Alta.

TOWN COUNCIL

Continued from Page One

One suggestion was that more organizations might be interested in taking on a share of this work, but this was considered uncertain. Parallel cases in other cemeteries were cited, and another suggestion to the effect that families having plots in the cemetery would be most interested, and might go so far as to make a contribution towards perpetual care was entertained.

A letter will be sent to the W.I. informing them of the Council's interest and in the meantime, general opinion will be sought out.

A letter applying for approval of the laundry and dry cleaning establishment being erected on Third Street was received, and approval for a laundry on the proposed plan was given, but it was pointed out that in the event of a dry cleaning plant being contemplated, the province has rather exact requirements. These requirements were passed on to the applicant.

An attempt will be made to secure the municipal road patrol to have some work done to level up the streets recently worked on on Railroad Avenue and Third Avenue. It may be necessary to use the scarifier in order to even up the road.

The town policeman will be instructed to report each night the street lamps which are not working, and a complete list will be sent to the Calgary Power and a rebate on the light bill sought.

Further to the wire of a few months ago, sent to the Department of Public Works, and asking for word as to when work on the No. 1 highway may be expected, a letter is being drafted by the Secretary Treasurer asking Mr. Fallow that the wire be at least acknowledged.

Accounts to the amount of \$17.00 were passed.

DR. LAYCOCK RENAMED

HOME, SCHOOL HEAD
Lack of understanding and "know-how" on the part of adults and of an adequate meeting place were the two major obstacles in the way of programs of leisure-time education. J. A. McLeish of Quebec City told the Canadian Federation of Home and School here last night.

Dr. S. R. Laycock of Saskatoon was re-elected national president. Committee chairmen in clude Mrs. F. A. Elves, Calgary, organization.

CHANGES AT SUPPLY FARM

The herd of approximately eighty Holstein cattle which has been at the old C. P. R. Supply Farm, and for the past short while under operation by Mr. Andrew Klalber, is to be sold in the near future. Mr. Klalber's son, Archie, will move in on the premises with a herd of Herefords.

Mr. Klalber, who for the past two years has had the farm on the north side of the highway, bought the milk farm a short time from the partners who operated it, but since his specialty is beef cattle, he is selling all the milk producing part of the farm. About eighty head of Holstein will be auctioned, together with the milking machines and all the milk house apparatus. In addition, Mr. Klalber plans to sell a number of buildings presently on the property for which he will have no use.

His son, Archie, is presently ranching at Medicine Hat, but will move out about the end of the month. He plans to introduce a strain of registered Hereford cattle, similar to his fathers herd, and operate a beef cattle herd.

He plans to build a new house situated in the trees on the side of the highway, and he and Mrs. Klalber

● TOO LATE TO CLASSIFY ●
FOR SALE—THREE YEAR OLD ALL red ball, no horns, gentle and does not bother fences. Good breeder, and in good condition. Apply O. B. Herman, son. 3s19c

with their small son will live there. Sale of the animals and equipment will take place on September 25 with J. W. Durno in charge. The Women's Auxiliary will serve lunch.

NOTICE

Under the provisions of The Noxious Weeds Act notice is hereby given to all residents of the M. D. of Bow Valley No. 40 to cut all weeds growing upon road-allowances adjoining their lands. This Council has decided that this municipality will make no attempt to clear snow from roads where weeds have not been cut. Please co-operate for the common good. Spur your neighbor to do his bit by cutting weeds on his one half of the road.

M. D. of Bow Valley No. 40,
W. E. Thompson,
Secretary-Treasurer.
